# OJAS Examination Gloves

Comfort, Safety, and Performance for Everyday Medical Use"

- **Powder-Free and Latex-Free Options**

*OJAS Examination Gloves are available in both powder-free and latex-free varieties, reducing the risk of allergic reactions and irritation, making them suitable for sensitive skin.*

- **Non-Sterile for General Use**

*Ideal for routine examinations and non-invasive procedures, OJAS Examination Gloves offer reliable protection without the need for sterilization.*

- **Medical-Grade Barrier Protection**

*OJAS Examination Gloves meet or exceed medical-grade standards for barrier protection. They act as a reliable barrier against contaminants, including bloodborne pathogens, chemicals, and microorganisms, ensuring maximum safety during examinations.*

- **Textured Fingertips for Enhanced Grip**

*To ensure superior handling of medical tools and equipment, our gloves come with textured fingertips. This added texture provides better control,*

- **Strong and Flexible Material**

*Made from high-quality nitrile or vinyl, our gloves offer excellent puncture resistance and elasticity. These materials provide a snug fit that conforms to the hand's natural shape,*

**0% CARBON EMISSIONS**  
we are use so no carbon emmision
